"I know which mental health resources to use when I or others are struggling."

From The Students

"The most important thing I learned from Kid in the Corner's presentation was what stigma meant. I am so glad that I know what stigma means because now I know how to shatter it and how to help others shatter it too."

"I learned how to be a kind and caring person for myself and others."

"I learned that it's okay to not be okay and that I should never be afraid to ask for help."

"The most important thing I've learned from Kid in the Corner is that it's important to reach out to someone who is struggling with their mental health."

"I learned that self care is important; in order to be able to take care of others you have to be able to take care of yourself too."

"I learned that checking in on someone can make a big difference."

"I learned that it's okay to talk about your mental health."

"The most important thing I learned from this presentation is that it's okay to feel sad or depressed and how I can help others if they feel that way too."

"I learned that you are never alone and that it's okay to reach out for help! I also learned the strategies and resources I have access to when I'm struggling."
